

## Input into School District #81 (Fort Nelson) 2018/2019 Budget Development

Question 1 – What is important to you that we maintain either at your school and/or the district?

RESPONSES:

- A responsible and respectable staff
- Bussing and EA Support
- Trades/arts
- Maintain the chrome books and zero tolerance to drugs and alcohol policies
- Support blocks, winter bussing for high school
- Good education
- Regular schedule of maintenance and equipment replacement. Band program. Library time
- Curriculum
- I feel support staff have been extremely valuable
- Children's safety – our children should feel like they are cared for and loved
- Cleaner bathrooms
- The gymnastics with Leah Lollipop
- Good course selection at the high school. Options for students wishing to attend university or other career pathways.
- Quality education provided by excellent teachers! And a fun learning environment for the children
- Hot lunches and book orders
- Trades and shop programming

Question 2 – What is important to you that we could enhance at your school and/or district?

- You've constantly ignored the problem of bullies, my sister goes to the middle school in Fort Nelson by the high school she's bullied every day and now won't go to school because of it. I'm so disappointed in the teachers who tell her just to "ignore it"
- Extra curricular activities
- Trades/arts/science
- Career counselling
- Cafeteria
- Library time
- Provide alternate learning paths for students; incorporate more exposure to hands on learning
- At this time I don't feel anything needs enhancement
- Nutrition
- A budget for Husky TV please
- Desks for working while standing
- Learning that connects us to the future. Good supports for students with challenges
- Need bus service from Southridge to JS Clark. Many times while I have walked my kid to school us and other children I've been almost hit by cars and trucks when crossing at the crosswalk on Airport Drive and Boundary Rd. We also see many bears in that area. Even in winter there is no

bus that comes into the park. The closest bus stop is pretty much like walking half way to school. I am not the only one with a child in the park that goes to JS Clark, all kids that live here go to that school.

- More chances for kids to do more music/arts
- Extra-curricular activities

Question 3 – What school are you most connected with?

<b>Answer Choices</b>	<b>Responses</b>	
Toad River School	0.00%	0
JS Clark School	30.00%	6
GW Carlson School	15.00%	3
RL Angus Elementary School	20.00%	4
Fort Nelson Secondary School	35.00%	7
Maintenance Shop	0.00%	0
School Board Office	0.00%	0
<b>TOTAL</b>		20
