Dear Parents/Guardians

Once again, graffiti has been found at Fort Nelson Secondary School referring to a school shooting on June 20th.

RCMP members have attended the school, photographed the graffiti, and opened a file. Safer Schools Together, the company that delivers the mandated provincial violence Threat Assessment to schools, has been contacted. The graffiti has been found to be a low-level form of threat, so although there is no need to have schools under a `Hold and Secure` or keep students inside, we want to remain vigilant.

We will be asking students to enter through the front door of the school where staff members will be on duty. The RCMP will patrol the area and school. Our other schools `staff have been asked to be extra vigilant and limit door access.

As reported previously, we have completed a review of our schools' entry ways and cameras to develop a greater security plan for each school while still maintaining a warm and welcoming environment. These school plans will be implemented over the summer.

If you know or hear any information regarding this event, please contact the RCMP immediately. Information can be reported anonymously.

Yours truly,

BOARD OF EDUCATION
SCHOOL DISTRICT #81 (FORT NELSON)
